## INTRODUCING **Ray Kenny**

Ray is the owner of Icon Business Solutions, based in Ennis, providing business solutions to business owners in the West and Midlands with the goal of improving their lives. He has over 20 years experience in general management and running his own companies.

Being professionally qualified with a post graduate fellowship in management from Cranfield University, UK and a degree in Engineering from the University of Limerick, Ray has a wealth of business knowledge and experience

Ray has set up and ran his own companies here in Ireland and knows the Business Environment and how it affects business owners.

Ray has lived and worked throughout the world, notably the UK, Sweden and the USA.

Starting his career as a mechanical engineer, by the age of 30 he was running a €350 million multi-national company.

He has had experience in a wide range of businesses ranging from retail to construction to manufacturing to healthcare to distribution.

He has a high energy, creative and fact based advisory style which the business owner sees as increased profits and more time to think about the business and implement plans. He has been successfully using the strategies of Icon Business Solutions to improve the lives of business owners in Ireland since 2003.

Ray's personal time is spent developing his investment portfolio and following Munster Rugby.
